Half-moon loop

1 Filtering

Prevents water pockets from forming and protects from dirt. It is suitable for heavy rain.

2 Fastening

Fastening system with bungee cords with half-moon buckles approximately every 0.75 m and fixing pins.

3 PVC reinforcement

Limits wear and tear and protects the mesh at the inside corners of stairs.

Quick and easy installation

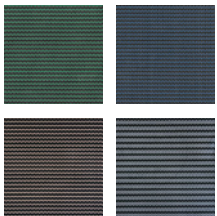

Thanks to its lightness.

*Production and material against any manufacturing defects within the limit of the maximum dimensions, according to our general conditions of sale. Our guarantee conditions do not apply for pools > 55 m². Not suitable for pools with concave or abrasive coping.
